HOME / OFFICE / TRAVEL

## FEATURES

Power Connectors counter display showcases the best-selling USB component-based chargers, data cables and accessories in an eye-catching display. The unit exhibits sync and charge cables, car chargers, wall chargers, earbuds, auxiliary cables and more. The tower display features a variety of colors to appeal to multiple-age groups. You have the option of front/rear facing openings to deter theft, the interchangeable USB designs allow full flexibility, and empowers your customers to buy more than one.
